

YOUR TRUSTED PARTNER IN SUSTAINABILITY AND ESG SERVICES

ABOUT N.S.BHARGAVA & CO. (NSB&Co)

Founded in 1979, NSB&Co has been a cornerstone in the BFSI sector, offering specialized audits, tax, and advisory services. As part of the Narayan Bhargava Group, we are dedicated to modernizing and digitally optimizing business models to stay relevant in today's dynamic environment.

We also provide comprehensive Environmental, Social, and Governance (ESG) services. With decades of expertise and a team of seasoned professionals, we help organizations navigate sustainability complexities and achieve their ESG goals.

OUR PHILOSOPHY:

Transforming compliance into commitment

We help organizations move beyond checklists towards purpose led transformation. Our clients don't just report their ESG progress, they live it. From clean energy adoption to clean city, green city programs, from tracking sustainability issues to innovating on sustainable products, we enable enterprises to lead with purpose. Because at NSB&Co, we don't just assess the present we help build a sustainable future.

Our services are designed to meet the specific needs of the BFSI sector, ensuring regulatory compliance, risk mitigation, and enhanced stakeholder engagement.

OUR ESG JOURNEY

NSB&Co is a Chartered Accountancy firm established in 1979, renowned for its unwavering commitment to excellence in the BFSI sector. With over four decades of experience, we've built a reputation for consistency, accuracy, and trust.

Recognizing the evolving global landscape, we introduced a dedicated ESG department to assist businesses in sustainability strategy, ESG reporting, and climate risk assessments. This initiative aligns our internal practices with global standards like the United Nations Sustainable Development Goals, offering ESG guidance across industries.

At NSB&Co, ESG is not just an offering; it's a responsibility we embrace wholeheartedly. We are committed to guiding our clients through the complexities of sustainability, ensuring that their operations are not only financially sound but also environmentally and socially responsible.
